

Call for papers (JANGIS vol. 4, 2016)

Dear ANGIS participants,

Happy New Year! We are glad that you came to Taipei to attend ANGIS conference last December. As we announced before the conference, we would consider the full paper to be published in ANGIS e-Journal. Now, we are going to make **final call** for receiving the full paper and will process the peer-review later. We are encouraging the papers within the fields of historical studies, development, and infrastructures establishment in Asia based on GIS approaches. Please make sure to adhere the JANGIS template for preparing your manuscript. The guideline can be downloaded from the website (<http://www.l.u-tokyo.ac.jp/~angisj/JANGISStyleTemp.doc>). For the participants already uploaded the full paper during the conference, we will send you the confirmation letter to you.

Please prepare your manuscript in either Word or PDF format and then e-mail it to Dr. Ta-Chien Chan (tachien@gate.sinica.edu.tw).

Manuscript Due	February 29, 2016
First Round of Reviews	May 31, 2016
Publication Date	December 1, 2016

Lead Guest Editor
